ABOUT THE UNIVERSITY

Babasaheb Bhimrao Ambedkar University, Lucknow is a Central University in the country. This residential University is located at the Rai-Bareilly Road about 10 Kms south of Railway Station, (Charbagh), Lucknow. The main objective of the University is to promote advancement of knowledge by providing instructional and research facilities in key areas of Science, Technology and other allied disciplines. At present, there are six functioning Schools for Information Science and Technology, Bioscience and Biotechnology, Legal Studies, Ambedkar Studies, Environmental Sciences and Home Science which comprising of 15 Departments i.e., Department of Library & Information Science, Computer Science, Information Technology, Mass Communication and Journalism, Applied Animal Science, Applied Plant Science, Biotechnology, Law, Human Rights, History, Economics, Sociology, Political Science, Environmental Science, Home Science. All courses offered by the University are Post Graduate, innovative and non traditional.

ABOUT THE DEPARTMENT

The Department of Library & Information Science is functioning in the University since 1997 with the aim to provide up to date LIS education to the students through effective teaching programmes and practical training. The department is working with the vision to educate individuals for career as librarians, documentalists, information professionals, archivists, information scientists and knowledge managers. The students are educated and trained in order to undertake instruction, research and service oriented programmes that require current emerging information technological developments and market requirements. Presently the department is offering two year integrated Master of Library and Information Science (MLISc) and Ph. D. programme in Library & Information Science. Keeping in view of the market demands and employment opportunities for the students the courses are being structured and restructured at regular intervals. The department has so far produced more than 250 library and information professionals.

ABOUT THE CENTRAL LIBRARY

Keeping in view the vision and mission of the University, the library has been established "to promote knowledge generation and application through its effective dissemination". The library, therefore, acts as the main learning resource centre of the University to supplement educational and information needs of the faculty and students of our university and provides information services and facilities to meet the requirements of the University's teaching, training and research programmes. The library services are also extended to non-teaching staff and visitors on request basis. The services provided by the library are circulation, access to e-resources, internet search services, reference, Xeroxing. The library is having more than 10,000 books and 40 print and more than 1800 e-journals subscription through UGC- Infonet consortia.

ABOUT THE CONFERENCE

In today's knowledge society it is safe to say that no single individual has made quite such a wide contribution to the development of Library and Information Science in our country. Ranganathan brought a scientific approach to every facet of professional work. Dr. S.R. Ranganathan's contribution towards Five Laws of Library Science; cataloguing; classification and documentation are pioneering accomplishments ideas for Library Science.

Ranganathan choose and came to Librarianship with iron determination to assert the necessity of sound theory for the advancement of LIS. He did realize the future of LIS for the advancement of Library Services in India and to bring best of modern and latest technology in the profession.

Contributions are invited on any aspect of the following broad themes:-

Theme-1: Ranganathanism

- a. Relevance of Five Laws of Library Science in the Present day Society
- b. Relevance of Chain Procedure
- c. Current Trends in Cataloguing
- d. Current Trends in Classification
- e. Relevance of Documentation
- f. Any other topic related to Ranganathan's Philosophy
